

ENVISIONING A SUSTAINABLE FUTURE

UBC's Okanagan campus has developed sustainability initiatives and commitments that deeply align with advancing *Place & Promise: The UBC Plan and the Okanagan Strategic Action Plan*.

The campus is committed to responsible stewardship of sustainability at all organizational levels, to reduce our environmental impact and embed a culture of sustainability. The Okanagan Sustainability Office was established to help deliver on UBC's sustainability commitments and aspires to foster leadership across the campus to help achieve our collective goals and to broaden the impact of sustainability.
