

COOL CAMPUS CHALLENGE

TAKE THE COOL CAMPUS CHALLENGE

Help save energy this winter season.

Every action counts! Help UBC Okanagan conserve energy as part of Cool Campus Challenge. Join and Take the Pledge!

Join the UBC Okanagan community by taking the 2020 Cool Campus Challenge Pledge to save energy this winter season.

This fun and friendly initiative encourages faculty, staff and students to save energy this winter season – reducing our natural gas use and climate impact.

Take UBC Okanagan's Cool Campus Pledge now and commit to save energy by:

On Campus:

- Layer up in warmer clothes
- Close windows

In residence & at home:

- Turn down the heat by 1 to 3 degrees C and put on a sweater
- Take shorter showers
- Wash clothes in cold water

These simple actions add up and can significantly reduce energy use and carbon emissions.

Grab a sweater. Close a window. And take the Pledge.

PLEDGE NOW

Events

- **5th Annual Labs: Sort It Out and Power Down Event**, *February 12, 10am-2pm in the Fipke Foyer*. Stop by the event to sign the Cool Campus Pledge and learn how labs can conserve energy and reduce waste!
- **4th Annual Recycling 101: Recycle Your Coffee Cup Event**, *February 26, 11am-1:30pm in the Courtyard in front of Tim Horton's*. Visit the event booth to sign the Cool Campus Pledge, get free swag, and learn what goes where!

Prizes

- \$50 UBC Bookstore gift card x 4

FAQS

Why the UBC Okanagan Cool Campus Challenge?

Who is participating in the UBC Okanagan Cool Campus Challenge?

Why are these actions being encouraged?

How is UBC Okanagan going to be more energy resilient in the future?

Why are these actions being encouraged?

Can I plug in an electric space heater?
